

NEUROLOGICAL SUPPORT

Neuro HPA Calm™

DAIRY FREE | GLUTEN FREE | SOY FREE | VEGAN

Encourages Healthy Nervous and Endocrine System Responses to Stress*

Neuro HPA Calm™ provides a synergistic blend of Gamma-Aminobutyric Acid (GABA), L-Theanine, relaxing herbal extracts including Lemon Balm, plus pHysioProtease® to calm occasional anxiety by helping to maintain normal inhibitory neurotransmitter and cortisol levels required to manage excess stress-induced activation of the hypothalamic-pituitary-adrenal (HPA) axis.*

Clinical Applications

- Aids in relieving symptoms of stress-related anxiety such as feeling nervous, restless, panicky or tense, experiencing heart palpitations and/or sleep difficulties*
- Supports healthy functioning of the hypothalamic-pituitary-adrenocortical (HPA) axis, a primary hormonal response system to stress*
- Down-regulates activation of the HPA axis by inhibiting neuronal excitation*
- Stimulates healthy modulation of intracellular signaling by the inhibitory neurotransmitters GABA, serotonin and dopamine*
- Helps calm anxiety by promoting normal GABA levels and receptor sensitivity in the central nervous system*
- Benefits stress-induced anxiety by hindering the release and reuptake of the excitatory neurotransmitter, glutamate*
- Moderates cortisol elevations and receptor activity in response to prolonged stress*
- Encourages better sleep quality helping to normalize circadian cortisol release*
- Assists the body in returning to a relaxed state by helping to balance the activities of the parasympathetic and sympathetic nervous systems*
- Exhibits neuroprotective properties by helping to regulate neuronal function, suppress neuronal toxicity and apoptosis, and inhibit neuronal inflammation and oxidation*
- Helps maintain normal inflammatory responses to stressors with minimal activation of HPA axis*

Supplement Facts

Supplement Facts		
Serving Size: 2 Vegan Capsules		
Amount Per Serving		% DV
Synergistic Calming Blend*	1,030 mg	**
Magnolia (<i>Magnolia officinalis</i>) (bark) Extract (2% magnolol + honokiol)		
GABA (gamma-aminobutyric acid)		
Lemon Balm (<i>Melissa officinalis</i>) (leaf) Extract		
Sensoril® (<i>Ashwagandha (withania somnifera)</i> (root & leaf) Extract (NLT 10% Withanolide glycosides))		
Passion Flower (<i>Passiflora incarnata</i>) (aerial part) Extract		
L-Theanine		
pHysioProtease® (a blend of exo and endo proteases)	80 mg	**
**Daily Value (DV) not established.		
Other Ingredients: plant fiber, water.		

Product Details

DIRECTIONS

Take two (2) capsules one to two (1-2) times on an empty stomach, or as directed by your healthcare professional.

CONTRAINDICATIONS

This product should not be taken by an individual with a hypersensitivity to *Aspergillus* or to any of its ingredients.

If you are pregnant, nursing, have a serious medical condition, or take any medications, consult your healthcare professional before use.

DOES NOT CONTAIN

Sugar, soy, wheat, yeast, gluten, peanuts, tree nuts, eggs, dairy, animal products, artificial colors, flavors and sweeteners or genetically modified organisms (GMOs).

STORAGE

Store tightly closed in a cool, dry place out of reach of children.

pHysioProtease® is a registered trademark of Enzymes Inc

Sensoril® is protected under US patent #7,318,938 and CA patent #2,508,478 and is a registered trademark of Natreon, Inc.
