

Gastric Ease™

Reformulation Details*

Reformulation Date: December, 2023

Gastric Ease™ has been reformulated to focus on helping to restore the integrity of damaged gastrointestinal mucous membranes, thereby, relieving the abdominal discomfort caused by harmful agents such as H. Pylori and excess stomach acid. A notable change to this formulation is how it is to be taken, twice per day on an empty stomach rather than at the beginning of each meal to allow the ingredients to better support tissue repair. For this reason, all digestive enzymes have been removed from the product. Much stronger extracts of DGL Licorice and Marshmallow are now being used in this formulation. DGL Licorice has been significantly increased while Marshmallow has been reduced because, while the mucilage provided by both herbs soothes and protects the gastrointestinal mucosa, research indicates DGL Licorice has greater anti-inflammatory and tissue repair properties than Marshmallow. A standardized extract of Lion's Mane Mushrooms is included in this formulation providing a rich source of Beta Glucans which studies show are very effective at helping to modulate immunity in the gastrointestinal tract. Zinc Carnosine and Pau D'Arco have also been added for their many clinically-proven gastroprotective effects including helping to stimulate tissue repair, control excess gastric acid secretions, increase mucus production and maintain healthy immune/inflammatory responses. Current research supports the inclusion of the enzyme, Bromelain, in this formulation for the exceptionally strong anti-inflammatory properties it exhibits in gastrointestinal mucous membranes. Quercetin and Catalase have been removed from Gastric Ease because the ingredients found in the revised formulation are more effective for the intended purpose of the product.

OLD FORMULA

Supplement Facts

Serving Size: 1 Vegan Capsule

Amount Per Serving	% DV
Soothing Herbal Blend*	
Marshmallow (<i>Althaea officinalis</i>) (root) Extract	270 mg **
Deglycyrrhizinated Licorice (<i>Glycyrrhiza glabra</i>) (root) Extract	100 mg **
Quercetin	50 mg **
Gastric Ease™ Blend	
Amylase	5,000 DU **
Peptidase	8,000 HUT/160 DPP-IV **
Lipase	1,000 FIP **
Catalase	100 CatU **
alpha-Galactosidase	24 GalU **
Glucoamylase	2 AGU **
Lactase	150 ALU **
Hemicellulase	750 HCU **
Cellulase	200 CU **
Pectinase	2 endo-PGU **
beta-Glucanase	4 BGU **
Diastase	75 DP° **
Invertase	75 SU **
Phytase	0.7 FTU **

**Daily Value (DV) not established.

Other Ingredients: plant fiber, water.

NEW FORMULA

Supplement Facts

Serving Size: 1 Vegan Capsule

Amount Per Serving	% DV
Zinc (from Zinc L-Carnosine)	16 mg 145%
Restorative Nutritional Blend*	
Deglycyrrhizinated Licorice (<i>Glycyrrhiza glabra</i>) (root) Extract	175 mg **
Marshmallow (<i>Althaea officinalis</i>) (root) Extract	150 mg **
Lion's Mane Mushroom (<i>Hericum erinaceus</i>) (fruiting body) Extract	70 mg **
L-Carnosine (from Zinc L-Carnosine)	57 mg **
Pau D'Arco (<i>Tabebuia impetiginosa</i>) (bark) Extract	45 mg **
beta-Glucan's (1,3/1,6) (from Lion's Mane (<i>Hericum erinaceus</i>) (fruiting body) Extract)	30 mg **
Bromelain	1,440,000 FCC PU/96 GDU **

**Daily Value (DV) not established.

Other Ingredients: plant fiber, water.
