

Hepaticol™

Reformulation Date: August, 2024

Reformulation Details*

Hepaticol™ has been reformulated to provide more comprehensive support for the liver. A dosage of two capsules taken one to two times daily on an empty stomach is now recommended for the best results. A potent extract of Milk Thistle standardized for silymarin continues to be the primary ingredient due to its many well-established beneficial effects on both liver structure and function. Based on the results of multiple research studies, all of the botanical extracts included in this reformulation exhibit strong hepatoprotective properties due to their ability to scavenge free radicals and help reduce the generation of damaging oxidants during normal metabolism in the liver. The natural antioxidant, Beta-Carotene has also been added to assist in protecting against liver cell damage due to oxidative stress. Broccoli Sprouts Extract, activated by Myrosinase to provide Sulforaphane, can be found in this formulation, helping to boost the liver's production of detoxifying enzymes needed to combat the adverse effects of environmental toxins such as drugs, alcohol, and pollution. The inclusion of DIM also diminishes the toxic impact of excess estrogen/testosterone. Turmeric, Red Sage and Bitter Melon have been added to support the action of existing pHydroProtease® in managing inflammatory and fibrotic mediators produced during toxin degradation in the liver. The main purpose for the inclusion of Berberine and Grape Seed in this formula is to promote the avoidance of excess fat accumulation in the liver by helping to maintain normal lipid and sugar metabolism. The addition of Artichoke in combination with existing Dandelion aids in keeping healthy bile production and flow which also has a positive impact on liver lipid levels. B-vitamins from a botanical source have been added to work with the herbal extracts in helping to promote healthy metabolism, detoxification, and tissue regeneration in the liver. Rice Bran (previous source of B-vitamins), Hemicellulase, Beta-Glucanase and Phytase have been replaced by this new natural source of B-vitamins because this new source is standardized to provide a consistent nutrient profile and does not require enzymes to release the B-vitamins for absorption. Beet Root, Rehmannia, Safflower, and Burdock have been replaced by botanicals validated by more recent, reliable research. Bupleurum has also been omitted from this formulation due to quality issues with the raw material. Although Vitamin C is important for normal liver function, it is no longer found in Hepaticol™ because much greater amounts are required to be of any therapeutic value. It is highly recommended a Vitamin C supplement be taken in conjunction with this formulation, preferably one providing Vitamin C from all-natural sources such as ProEnzo® Natural C + Bioflavonoids.

OLD FORMULA

Supplement Facts

Serving Size: 1 Vegan Capsule

Amount Per Serving	% DV
Vitamin C (from Acerola Cherry Extract)	9 mg 10%

Synergistic Herbal/Plant Blend

Milk Thistle (<i>Silybum marianum</i>) (seed) Extract (80% silymarin)	150 mg	**
Bupleurum (<i>Bupleurum lancifolium</i>) (root) Extract	75 mg	**
Beet (<i>Beta vulgaris</i>) (root) Extract (0.3% betanin)	50 mg	**
Rehmannia (<i>Rehmannia glutinosa</i>) (root) Extract	50 mg	**
Dandelion (<i>Taraxicum dens-leonis</i>) (root) Extract	25 mg	**
Safflower (<i>Carthamus tinctorius</i>) (petals)	25 mg	**
Burdock (<i>Arctium lappa</i>) (root) Extract	20 mg	**
Rice (<i>Oryza sativa</i>) (bran)	20 mg	**

Therapeutic Enzyme Blend

pHydroProtease® (a blend of exo and endo proteases)	30,000 HUT	**
Hemicellulase	250 HCU	**
beta-Glucanase	1.4 BGU	**
Phytase	0.2 FTU	**

**Daily Value (DV) not established.

Other Ingredients: plant fiber, water.

NEW FORMULA

Supplement Facts

Serving Size: 2 Vegan Capsules

Amount Per Serving	% DV
Vitamin A (as natural beta-Carotene)	1,500 mcg RAE 167%
Thiamin (from RGen-B's™)	2.2 mg 183%
Riboflavin (from RGen-B's™)	2 mg 154%
Niacin (from RGen-B's™)	3.4 mg NE 21%
Pyridoxine (from RGen-B's™)	2.2 mg 130%
Folate (from RGen-B's™)	70 mcg DFE 18%
Vitamin B12 (as Methylcobalamin)	500 mcg 208%
Pantothenic Acid (from RGen-B's™)	3.8 mg 76%
Zinc (from Zinc Citrate)	10 mg 91%

Hepatic Supprt Blend*

Milk Thistle (<i>Silybum marianum</i>) (seed) Extract (80% silymarin)	200 mg	**
Artichoke (<i>Cynara scolymus</i>) (leaf) Extract (5% cynarin)	100 mg	**
Red Sage (<i>Salvia miltiorrhiza</i>) (root) Extract	100 mg	**
RGen-B's™ (Guava (<i>Psidium guajava</i>) (fruit) Extract, Holy Basil (<i>Ocimum tenuiflorum</i>) (leaf) Extract, Lemon (<i>Citrus limon</i>) (fruit) Extract)	100 mg	**
Grape (<i>Vitis vinifera</i>) (seed) Extract (95% polyphenols)	80 mg	**
Dandelion (<i>Taraxicum dens-leonis</i>) (root & leaf) Extract	80 mg	**
Brassinase™ (Broccoli (<i>Brassica oleracea</i>) (sprout) Extract (0.5% sulphoraphane 1% glucoraphanin myrosinase (30 mg glucose/g))	70 mg	**
BCM-95® (Turmeric (<i>Curcuma longa</i>) (rhizome) Extract (65% curcumins))	60 mg	**
Berberine HCl (from Indian Barberry (<i>Berberis aristata</i>) (bark))	60 mg	**
Bitter Melon (<i>Momordica charantia</i>) (fruit) Extract	60 mg	**
DIM (3,3'- Diindolylmethane)	30 mg	**
Carrot (<i>Daucus carota</i>) (root) Extract	30 mg	**

pHydroProtease® (a blend of exo and endo proteases) 30,000 HUT **

**Daily Value (DV) not established.

Other Ingredients: plant fiber, water.
