

DIGESTIVE SUPPORT

DigestEnz™ Chewables

DAIRY FREE | GLUTEN FREE | SOY FREE | VEGAN

Digestive Support Sweetened with All-Natural Allulose & Monk Fruit Extract*

DigestEnz™ Chewables provides an excellent, broad-spectrum blend of acid-resistant, non-animal derived digestive enzymes, including gluten-digesting ProteaseGL™ and casein/whey-digesting ProteaseCW™, to assist the body's own enzymes break down and assimilate dietary protein, carbohydrates, fat and fiber, for relief of occasional digestive discomfort.*

✓ Clinical Applications

- Ideal for adults who prefer convenient, easy-to-chew tablets
- Sweetened with naturally derived allulose (from figs) and monk fruit extract:
 - Ideal for Low-Calorie Diets: allulose contains 5% of the calories per gram compared to normal sugars and monk fruit contains zero calories
 - Zero Glycemic Index: allulose and monk fruit extract are not metabolized by the body, meaning they have no impact on blood glucose or insulin levels making them suitable for people with diabetes or those managing their blood sugar
 - Better Digestive Tolerance: unlike many sugar alcohols, allulose is well-tolerated with no digestive side effects.
- Promotes optimal digestion of all food groups helping to avoid food intolerances*
- Supports the breakdown of lactose (milk sugar) and sucrose (table sugar)*
- Assists in preventing undigested food particles from entering the bloodstream and eliciting an immune response*
- Increases food nutrient availability and assimilation*
- Provides digestive support in both the stomach and intestines*
- Helps relieve occasional indigestion, bloating, flatulence and/or irregularity*
